

What Some of Our Singapore Customers Say

I have used a range of product as recommend by Dr Pierre and found it to be of high quality as compared to the ones advertised aggressively on TV. As my skin type is dry he recommended me the products such as #14D Ginseng DeepCleanse Lotion and #31-D Sage Purifying Scrub that cleanse without drying the skin and the #66 Aloe Toner that really provides good hydration. My friends mentioned that they can see the difference! So, no harm testing it out for yourself.

Wendy Kwek – Singapore

My facial complexion has never been better until I use Dr Pierre's products as I could see the results within few weeks. My visible open-pores on the cheeks of many years has reduced tremendously, my pimple marks are diminishing and the texture of my skin is indeed getting smoother, making me look more radiant. I trust the quality in Dr Pierre's products especially after using the active cleanser, toner, day/night cream, herbal AC liquid, mask and the Wondergel.

Do you want to look beautiful and radiant too? Ask Dr Pierre.

Siti Dzaleha – Singapore

My skin felt soft and supple just after a few days of usage of Dr.Pierre's product 14D Ginseng DeepCleanse Lotion and product 31-O Sage Purifying Scrub. My colleagues started commenting about how my face was getting clearer.

Vijaykumarr - Singapore

My skin tone became very even in less than a week after I started using Dr.Pierre's products. I need to apply very little make up now - just the Day Cream was enough for me to look radiant and refreshed.

Babita Rai - Singapore

Dr Pierre's product is amazing! In just 5 days of solely using his products, my skin texture has become baby-soft. The overall colour has also lightened and scars are reduced significantly! I would strongly recommend his products to teenagers, men & women of all ages! Kudos to Dr Pierre!

Jocelyn Gwee - Singapore

Since using Dr. Pierre Herbal Cosmeceuticals Skin Care products, I have not had breakouts at all, plus my skin tone is even and feels hydrated all day. I absolutely love the Witch-hazel Astringent Cream, the lightly tinted Ginseng Day Cream, and of course the fabulous Ginseng Exfoliating Gel which allows me to remove whiteheads and other debris easily without scrubbing. I've spent thousands of dollars looking for the right skin care for my sensitive and dehydrated skin, and I've finally found the perfect solution. My only regret is not having discovered Dr. Pierre sooner!

Su Ying - Malaysia
